### Objective

Seeking a position where I can utilize my skills and experience in furthering the company's goals, making myself a better professional in the process. To find a position that is challenging, rewarding, and provides an opportunity to expand my knowledge and abilities in creating client-centric solutions.

### Professional Experience

I have 8+ years of experience in Web Application Coding, Development, and Database Programming.

- Implemented payment gateways like **PayPal**, **Paytm**, **Atom**, and **Authorized.net**.
- Report Generation using **PHPExcel Library**, **Jpgraph**, **D3 charts**, **Anychart** and **Highcharts**.
- Worked in RRB (**Railway Recruitment Board**) **Application**, **Sagem Defense Securities Application**, and **Hospital ERP**
- Worked in integrating **Google API**, **Bigcommerce API** and **Unleashed API**
- Contributed to **Drupal.org**
- Also worked as a freelancer for a company (**Oxybin Software Solutions Private Limited**)
